

# Altendorf WA8TE SLIDING TABLE SAW

The WA8TE sliding table saw encompasses the dependability, innovation, and quality expected from Altendorf delivered in a compact value package. The perfected vertical guidance for accurate, square cuts over the full cutting length ensures precise movement regardless of workload weight. The WA 8TE offers unbeatable value from the #1 selling sliding table saw manufacturer in the world. The saw offers motorized rise fall and tilt, an easily adjustable scoring unit, heavy duty crosscut fence and manual rip fence.
